

Flange gasket 1,5mm tesnit

Product info
Product group

Flange gasket 1,5mm tesnit
505

Universal gasket that works great for most applications. The gaskets are made of nitrile-bonded aramide fiber. Resistant to light chemicals, water, oil, and steam. Typical applications is paper mills, heating plants, food industry and water pipes. The material also meets drinking water standards such as DVGW, WRAS and EC 1935/2004. Manufactured according to 1514-1.

Part no	Material	Color	DN	ID (mm)	OD (mm)	Thickness (mm)	Max temperature (°C)	Weight (kg)
